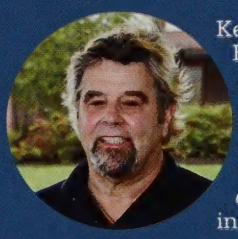
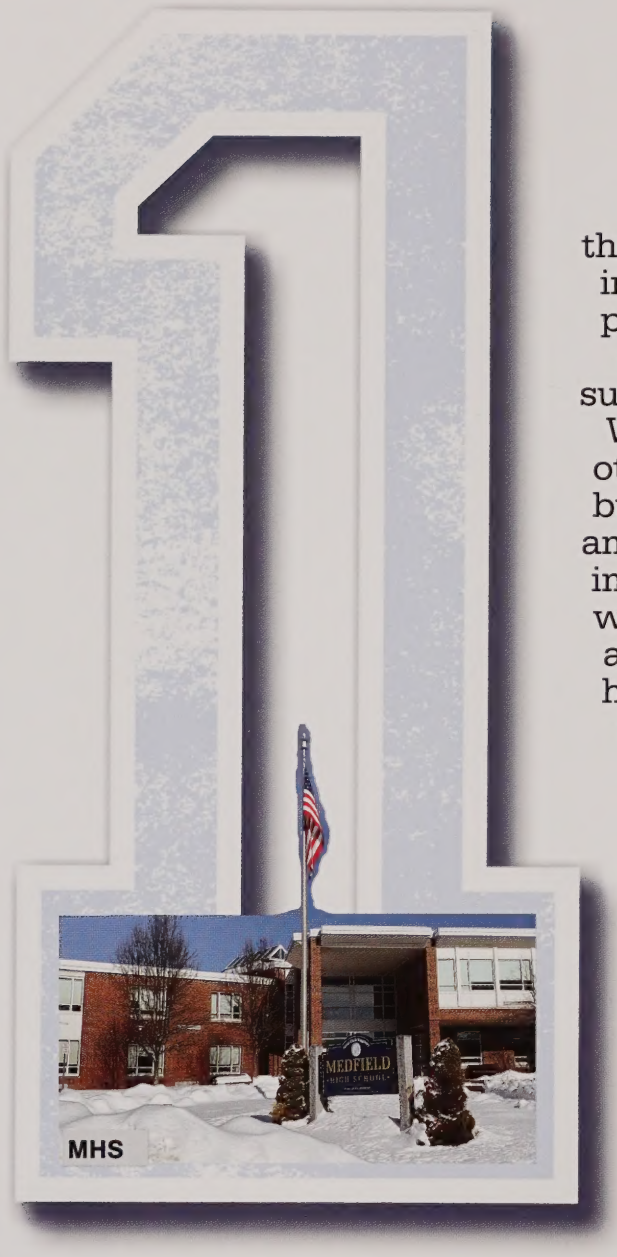
Staff Spotlights

Gail Duffy
English Department Chair
"Medfield is a family. Sometimes, like at a pep rally, we're loud and noisy. Sometimes, like when we're working on a big essay, we're quiet and studious. Sometimes, we're laugh-out-loud funny. However, the common denominator is that we care about each other."



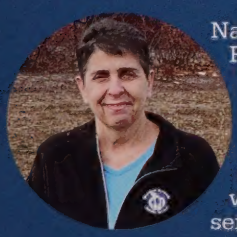
Keith Vogel
Head Custodian
"My #1 priority is keeping the school clean and making sure it is disinfected. MHS is like a ghost town after the school day is over. I miss the activities that go on after school, but my wife, my 4 puppies, and coming to work are what keeps me going in times like these."

yearbook is brought to you by the number 1...

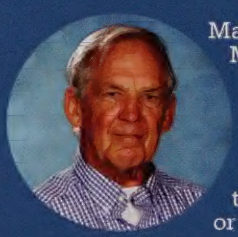


All across town, throughout each school in Medfield, there are people working hard: students, teachers, support staff, and more. We wouldn't be here otherwise. Every year, but especially this one amidst a pandemic, it is important to reflect on what we have learned and thank those who have helped us along the way. Together, we strive for a bright future!

Staff Spotlights



Nancy DeRoche
Food Services
"I have the wonderful privilege of working with some fantastic 'lunch ladies.' We all get along and truly like each other. This year, we had to configure 3 mask-break stations, where they would be located, what we would be offering, etc. We all miss serving lunches to the students and teachers."



Marty Salka
MHS Legend
"Thanks for interviewing me on January 11, as that is the anniversary of my hiring in 1966...55 years ago!" For more of Marty, just go to tinyurl.com/MedfieldMarty or use this QR code...

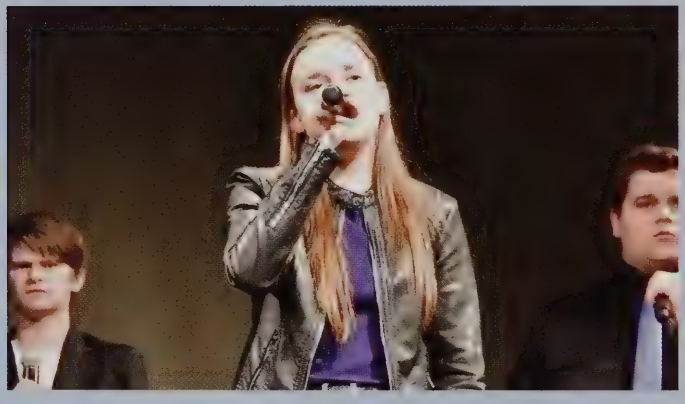
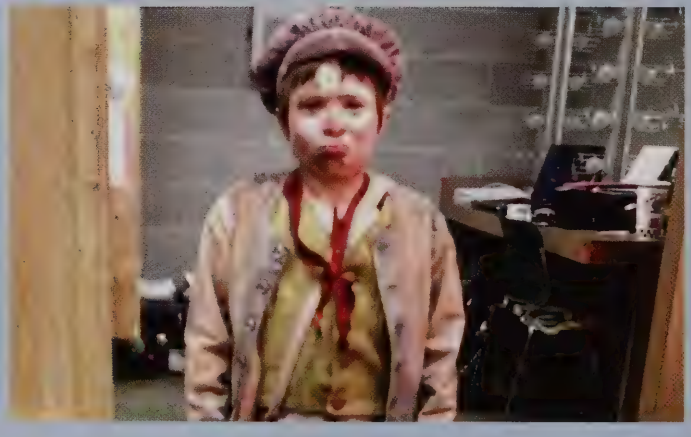
Life Beyond

During their sophomore year of high school, **Dennis Folan, Aiden Perachi, and Jackson Foscaldo** worked together to start a business. Wanting to make some extra money during the school year, the three decided to help others by creating a landscaping service. After a couple of weeks, the boys had hired other high school students in order to expand their business. As of today, they have completed more than 200 jobs for the community, such as mowing lawns, raking leaves, and setting up play structures. Due to their dedication and quality work, their business has made them extremely successful.

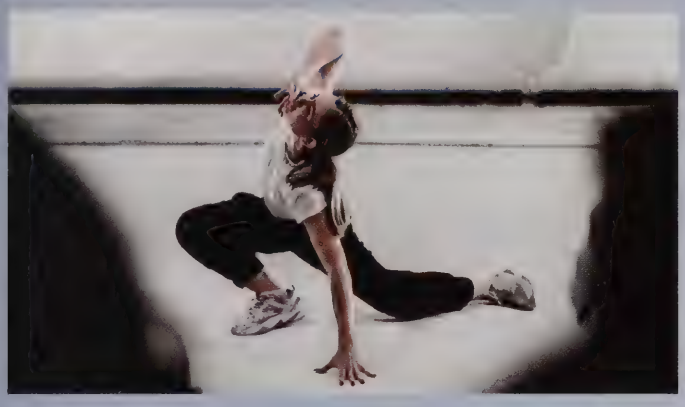


Whether singing at the dinner table, performing for her parents, or partaking in 14 years of chorus, **Maria Neafus** has always loved to showcase her talent. As the current president of Soundwaves, the a capella group at Medfield High School, Maria demonstrates that talent as well as her leadership. Performing in her first show at the young age of 4, Maria knew that she had a future in it. She particularly enjoys showcasing covers of songs on her social media platforms for others to enjoy. Maria hopes to release her own music one day and allow people to get a sense of comfort and freedom from it just like she does.

Marcus D'Angelo has been acting for as long as he can remember. He saw his cousins and siblings involved in theatre and wanted to take part in it, too. He started doing community theatre and, shortly after, began traveling around the country in *Les Miserables*. He saw more than 30 states and traveled for more than six months. A year later, he moved to New York to perform in the unforgettable show *Matilda* on Broadway, during which time he was home-schooled. When Marcus was in seventh grade, he again played the role of Gavroche in the Broadway revival of *Les Miserables*. Performing is such an important part of his life; it has taught him tenacity. He hopes to continue acting in the future because it is an outlet for his creativity.

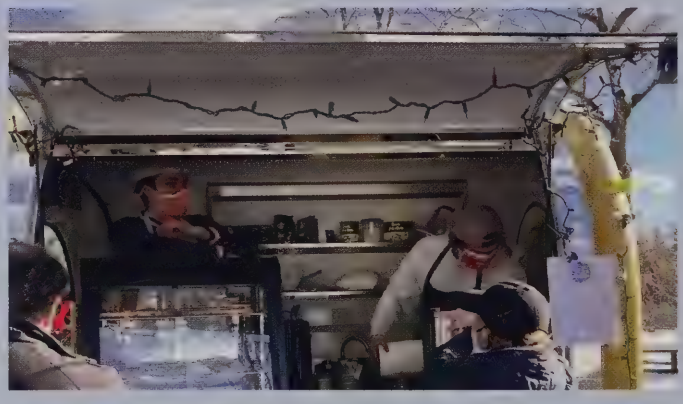


Big Blue...



Ever since **Hannah Barrows** was young, she has always been on the dance floor. After being in the Boston Ballet School as a middle schooler and a freshman, she decided that she wanted to try something new. She chose to pursue her dream of hip hop dance but first had to teach herself how. She began taking classes in Cambridge, and a year later she auditioned for the Liv3Lihood Dance Team as well as the N/A Dance Crew. Hannah has even competed in the famous "World of Dance" competition. Dance has given Hannah a way to discover her originality and everlasting friendships along the way.

Starting their business on November 21, 2020, two best friends **Garrison Schilling and Austin Verge** decided to tow a food truck all the way from Ohio back to little ol' Medfield. They planted their business at Lovell's on Main Street, and they truly enjoy serving treats that benefit not only their customers but also breast cancer research. These two best friends display two vital traits: determination and hard work. They have also gained a better sense of budgeting and handling money through their thriving business. It is awesome for them to be a part of this venture together.



Whether just doodling in the margins or creating amazing, finished pieces, **Caitlin Knight** never fails to tell a story through her artwork. Due to her imaginative and adventurous personality, Caitlin has discovered a love for graphic novels in particular. Being able to incorporate her creative ideas in her own artwork and comics is so special. One of Caitlin's favorite aspects of art is the individuality that comes with it. She enjoys creating little worlds and designs that are unique and interesting. She hopes to inspire people with her artwork and comics in the future.

SENIOR CRUSHES

"Nick Crofts and I dated in seventh grade, and Kate Anderson awkwardly third-wheeled everything...literally everything."
-Eva O'Toole

"Summer of 2019, before junior year, I was at Deady's house playing with his hamster in his basement. Everyone at his house was trying to get him to drive me home, but he refused. Then he blocked me on Snapchat. On my birthday [in 2020], he unblocked me as a 'present' and Snapchatted me."
-Ginny Mills

"In third grade, I professed my love for Molly Wagenseller behind the couch in my living room. Let's just say that I wasn't really thinking straight."
-John Shelley

"Freshman year, Ben Leonard DM'ed one of my friends and asked her to find out if I liked him. I made her respond saying that I did (super mature, I know). Ben and I proceeded to never talk to or even acknowledge each other until we became friends when he dated my best friend for over a year!"
-Catherine Bergland

ADVICE TO UNDERCLASSMEN

"I wish I knew that it was not a big deal if you did not have any close friends in your classes. I feel like I worried about that too much. I would not have been able to talk to new people and step outside my comfort zone otherwise."
-Scarlett Kohler

"I wish I had known that time management was really important and to not be afraid to ask for help because everyone is there for your benefit!"
-Jess Coletti

"I think the one thing I wish someone would have told me is to make sure I learn to manage my time well because it's easy to lose track of time and all of a sudden you have three quizzes on one day and you haven't studied for them yet."
-Joe McDonald

"I would say join a lot of clubs and get involved in as many things as possible."
-Julia St.Mary

"Take a lot of mixed-grade electives during freshman year so that you can meet new people."
-Ryan Wirtz

"Make good study habits before going into high school, and do not be anxious on your first day because everyone is really kind."
-Ethan Collins

"I think entering high school seems more intimidating than it actually is. After meeting teachers and getting comfortable with classmates, it is pretty much smooth sailing from there."
-Peter Faust

"I think I would have liked to know how important it is to get yourself involved in lots of things (clubs, sports, student council, etc.) because it really helps you get to know more upperclassmen. It definitely makes you feel more comfortable and have a better overall high school experience."
-Molly Donovan

"Take courses that are challenging for you but that still give you room to do things you love. Do not expect to get the same grades as middle school, but always try your hardest."
-Gabby Curl

Senior Sunsets

Making Memories to Last a Lifetime

Throughout the past year in particular, seniors have come up with creative ways to be together. One newer tradition is watching sunsets at places like Hospital Hill.

Just look at these views! No wonder Senior Sunsets have become cherished memories...

What a way to pass the time, appreciating beauty in nature!

Junior Joy

Enjoying Each Moment in the Moment

The juniors find ways to keep smiling throughout the year. :)

Fall Theatre

"Mary Rose" and "The Tell-Tale Heart"

Two different plays were produced this season... outside! Instead of showing off their hard work in the auditorium, the MHS Theatre Society recorded the plays and are "airing" them electronically!

Chocolate faced babies, what an amazing 4 years it has been. To watch you go from a CFB to the man you are today has been as rewarding as anything life could have given us. Your graduation makes us 'empty nesters' but you know our 'nest' will always be your home. You are armed with the wisdom and the faith, honor and integrity to grab the world by the horns and rise to whatever height you choose. Remember, don't ever live your life to impress people you don't know and never ever let someone else tell you when to stop. Never let them tell you how far you can go. The world has never had one of you, and it's going to be fun watching you take it on!!
Our love and prayers to you and your life

Jeremy

The past couple of years didn't go quite as planned, but you never were one to follow the easy path. You have both the talent and the spark to achieve anything that you set your mind to. Looking forward to seeing what you make happen! Whatever you choose, know that you are supported a thousand percent and loved all the way to the moon and back.
